

# MVTV Wireless Hotspot Service

## Please Note:

- MVTV's hotspot service requires a log in on each device. You must have access to a **web browser** on the device to log in properly. Hotspot supported devices include iPad/ Tablet, Desktop Computer, Laptop, and Smart Phone.
- Two devices can be connected at the same time. To use more than 2 devices you need to set up another account.
- You must be at a campground in order to sign up for the hotspot service.

1. Connect wirelessly to the **MVTV Wireless Network**. If you don't immediately see MVTV listed, refresh your wireless settings. Click 'Connect'

2. Open a browser window and the following screen should appear.  
(If not, go to [www.mvtvwireless.com/hotspot-users](http://www.mvtvwireless.com/hotspot-users))

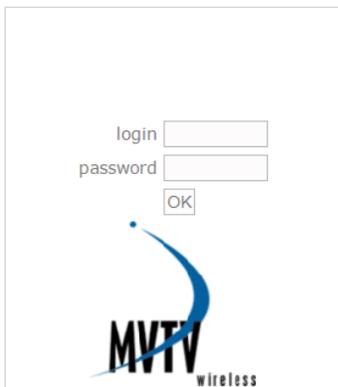

3. Select 'Click here to Purchase MVTV Wireless'

[Click here to Purchase MVTV Wireless Internet Service](#)

[Click here For Your Account Status](#)

[Click here For More Information](#)

Please log on to use the internet hotspot service

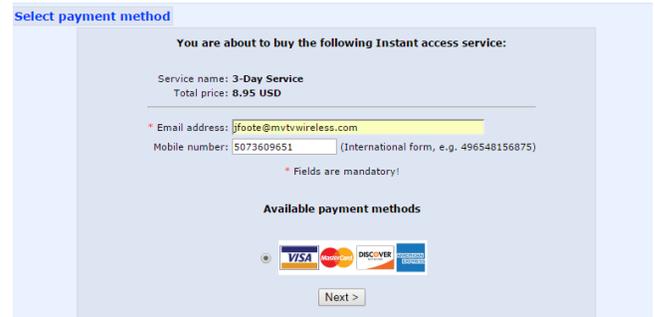

4. Select service plan:

Service name	Price
1-Month Service	49.95 USD
24-Hour Service	4.95 USD
3-Day Service	8.95 USD
7-Day Service	13.95 USD
Seasonal Summer Service	175.00 USD

- MVTV Wireless Internet customers are eligible for a discounted Seasonal Summer Rate = \$150.00 USD

5. Enter your email address (**all letters must be lowercase**), cellphone and payment information.

6. Transaction details screen will appear. Write down the user name and password.

7. Click on Hotspot login to begin using the internet.

8. Your purchased service time will start with your first log-in. Time countdown is continuous even when not in use. Once your service period has ended, you can repurchase a new package by logging into your account information.
